Child and Adult Care Food Program

The Child and Adult Care Food Program (CACFP) provides funds to institutions and sponsoring organizations that provide nutritious meals to participants enrolled in child care centers, day care homes, homeless shelters, and adult day care centers.

Your institution is eligible to participate in this program if you are:

- A public or private nonprofit organization, including sponsoring organizations of unaffiliated centers, head start, and at-risk sites.
- A private for-profit center in which 25% of the participants have been documented as low income,
- A homeless/domestic violence/emergency shelter operated by a public or not-for-profit organization that provides support to homeless children in temporary residential settings, or
- The center may qualify according to other program regulations.

Child care centers and adult day care centers can participate in the Child and Adult Care Food Program either independently or through a sponsoring organization that accepts full administrative and financial responsibility for the program. Day care homes must participate through a sponsoring organization; they cannot participate in the Child and Adult Care Food Program independently.

Participants in eligible child care centers can receive CACFP benefits if they are:

- Age 12 years or under; or
- Children of migrant workers age 15 or under; or
- Mentally/physically disabled persons, as defined by the State, at any age if the majority of enrollees are age 18 or under; or
- Children enrolled in At Risk After School Programs
- Temporary residents of homeless shelters 18 years of age or younger, and residents of any age who have disabilities.

Note: All criteria listed above may not apply to your organization.

Goals

The Goals of the Child and Adult Care Food Program are:

- To ensure that well balanced, nutritious meals are served to children in care.
- To help children learn to eat a wide variety of foods as part of a balanced diet.
- Provide reimbursement for meals served.

Home Participation

Family day care homes must be licensed and fit the USDA definition of a family day care home.

CACFP regulations define a family day care home as “an organized non-residential child care program for children enrolled in a private home, licensed or approved as a family day care home and under the auspices of a sponsoring organization.”

Family Day Care Home Sponsors

Licensed family daycare homes participate in the Child and Adult Care Food Program through affiliation with a Family Day Care Home Sponsor. These Sponsors have an agreement with Kentucky Department of Education, School and Community Nutrition to provide total oversight of the Child and Adult Care Food Program (CACFP) for the facilities (homes) they sponsor. This includes ensuring that all related program regulations and instructions are followed and accepting final administrative and financial responsibility for food service operations in all of the homes under its jurisdiction.

All Family Day Care Home (FDCH) Sponsors must be either government or private non-profit institutions. Private individuals and for-profit organizations are not eligible to function as Sponsors.

Yearly Renewal for Sponsors

Sponsors must reapply for participation in the Program every fiscal year by completing the institution Application in the CNIPS web-based system. Sponsors must submit a management plan with accompanying administrative budget. Through the renewal process Sponsors must demonstrate that they are operating the Program in accordance with all Program regulations and requirements and that their organization is financially viable, administratively capable and accountable as described in 7CFR 226.6. When all materials are complete and approved, an agreement will be signed between the sponsoring organization and the Division of School and Community Nutrition.

BUILDING FOR THE FUTURE

This day care facility participates in the Child and Adult Care Food Program (CACFP), a Federal program that provides healthy meals and snacks to children receiving day care.

Each day more than 2.6 million children participate in CACFP at day care homes and centers across the country. Providers are reimbursed for serving nutritious meals which meet USDA requirements. The program plays a vital role in improving the quality of day care and making it more affordable for low-income families.

Meals CACFP homes and centers follow meal requirements established by USDA.

- **Family Day Care Homes:** Licensed or approved private homes.
- **Afterschool Care Programs:** Centers in low-income areas provide free snacks to school age children and youth.

Sponsoring Organizations Responsibilities

Record Keeping

Sponsors who participate in the Child and Adult Care Food Program (CACFP) must maintain records at the sponsor location. Sponsoring organizations of providers are responsible for ensuring that each site under the sponsorship is maintaining current month records. Sponsors of providers must ensure that each site maintains copies of at least the previous twelve months records. These records must accurately reflect program operations. Failure to maintain such records will result in the denial of reimbursement and/or termination from the Program.

An organized system for filing and maintaining records will save time when completing the monthly Report and Claim for Reimbursement. For record keeping and organization it is strongly encouraged that all monthly records and supporting documentation be assembled together and filed with a corresponding copy of the Report and Claim for Reimbursement in the institutions or sponsoring organization's main office.

The following records to support reimbursement must be maintained on file for a minimum of 3 years plus the current year:

1. Providers files with contain
 - Enrollment Forms
 - Sign in/out sheets

 - Operational information (tiering information, number of children, meals to be claimed)
 - Agreement and monitor reviews
 - Licensure information (capacity, license number, expiration date)
2. Program Costs Documentation including Receipts, Invoices, and Proof of Program Labor.

All providers are required to keep the State Agency Issued Menu Records, or an approved alternate form (i.e. Minute Menu). Menus function as an important tool because menus help ensure that providers meet proper meal pattern requirements. Menus also report which foods are prepared and served to participants. When listing food items served on Menu Records, be very specific as to the type (i.e. fresh pineapple, canned pineapple tidbits or pineapple slices) and date served. The Food Buying Guide will be a necessary and important reference tool during meal planning and preparations. Providers are responsible for purchasing and preparing adequate amounts of each component for the number of children being claimed during the meal service.

If there are no menus available, if menus are incomplete, meals will be disallowed.

INFANT DAILY MENU RECORD

The Infant Daily Menu Record is required for all programs serving infant meals.

- One type of formula must be offered by the provider.
- Providers cannot **require** parents/caregivers to supply infant formula or food.
- At least one component of meals served to 8-12 month old infants needs to be purchased/provided by the provider.
- Infant feeding times vary depending on the age and development of the child.
- Infant Menu Records need to be kept every day.
- Infants on breast milk or formula may be claimed as long as the provider is feeding the child.
- Only iron fortified infant cereal is creditable.
- Meat sticks or "finger sticks" (which look like miniature hot dogs) are not reimbursable as a meat/meat alternate in the Infant Meal Pattern because they could present a choking risk
- Combination dinners (jarred turkey and rice, etc.) are not creditable.
- Commercial fish sticks, other commercial breaded or battered fish or seafood products, canned fish with bones, hot dogs, and sausages are not creditable for infants under 12 months of age.

As you know, infant meal patterns vary according to the age of the infants. You should ensure that each age group is receiving all required components. **Infants 6 weeks up to 1 year must be listed on the Infant Daily Menu Record.** If for some reason children over 1 year of age are still consuming infant foods or formula their meals must be recorded on Infant Daily Menu Record.

Infant Daily Menu Record must have a detailed description. The type of cereal, type of fruit or vegetable and iron fortified formula/breast milk must be listed.

Refer to the infant meal pattern for required components for each meal.

Meal Component Substitutions

Medical Statement for Participants with Special Dietary Needs

This statement must be completed and submitted to the Provider before any meal substitutions can be made. The parent/guardian will complete Part 1 and the physician will complete either Part 2 or Part 3. Refer to the information below for clarification. Attach a sheet with additional information if necessary. If changes are needed, the parent/guardian is required to submit a new form signed by the child's physician.

Disability

Under Section 504 of the *Rehabilitation Act of 1973*, and the *Americans with Disabilities Act* (ADA) of 1990, a “*person with a disability*” means any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such impairment.

Major life activities covered by this definition include caring for one's self, eating, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

USDA regulations **7 CFR Part 15b** require substitutions or modifications in CACFP meals for participants whose disabilities restrict their diets. A participant with a disability must be provided substitutions in foods when that need is supported by a statement signed by a licensed physician. The physician's statement must identify: the child's disability; an explanation of why the disability restricts the child's diet; the major life activity affected by the disability; the food or foods to be omitted from the child's diet, and the food or choice of foods that must be substituted.

Generally, children with food allergies or intolerances do not have a disability as defined under either Section 504 of the Rehabilitation Act or Part B of IDEA, and food service may, but is not required to, make food substitutions for them. However, when in the licensed physician's assessment, food allergies may result in severe, life-threatening (anaphylactic) reactions, the child's condition would meet the definition of “disability,” and the substitutions prescribed by the licensed physician must be made.

Special Dietary Needs That Are Not a Disability

Food service providers may make food substitutions, at their discretion, for individual children who do not have a disability, but who are medically certified as having a special medical or dietary need. Such determinations are only made on a case-by-case basis. This provision covers those children who have food intolerances or allergies but do not have life-threatening reactions (anaphylactic reactions) when exposed to the food(s) to which they have problems.

Each special dietary request must be supported by a statement, which explains the food substitution that is requested. It must be signed by a recognized medical authority. The medical statement must include: an identification of the medical or other special dietary condition which restricts the child's diet; the food or foods to be omitted from the child's diet; and the food or choice of foods to be substituted.

Parent/Guardian Request for Fluid Milk Substitution

Parents or guardians may now request in writing that non-dairy beverages be substituted for fluid milk for their children with special dietary needs without providing statement from a recognized medical authority. However, fluid milk substitutions requested are at the **option** and expense of the provider.

The non-dairy beverage provided must be nutritionally equivalent to fluid milk and meet the nutritional standards set by the United States Department of Agriculture (USDA) for Child Nutrition Programs in order for the provider to claim reimbursement for the meal through the Child and Adult Care Food Program (CACFP).

A non-dairy beverage product must contain the following nutrient levels per cup to qualify as an acceptable milk substitution:

a. Calcium 276 mg	d. Vitamin D 100 IU	g. Potassium 349 mg
b. Protein 8 g	e. Magnesium 24 mg	h. Riboflavin .44 mg
c. Vitamin A 500 IU	f. Phosphorus 222 mg	i. Vitamin B-12 1.1 mcg

Food substitutions can be made for participants who are unable to consume regular program meals due to **religious reasons**. In such cases, a statement from the participant's parents/guardian must be provided on behalf of the participant. The statement should specify the food or foods to be omitted from the participant's diet and specify a choice of foods that may be substituted. The Provider is **not** required to purchase and prepare alternate foods for religious reasons.

GUIDANCE

Disability:

Under Section 504 of the *Rehabilitation Act of 1973*, and the *Americans with Disabilities Act (ADA)* of 1990, a "person with a disability" means any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such impairment.

Major life activities covered by this definition include caring for one's self, eating, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

USDA regulations **7 CFR Part 15b** require substitutions or modifications in CACFP meals for participants whose disabilities restrict their diets. A participant with a disability must be provided substitutions in foods when that need is supported by a statement signed by a licensed physician. The physician's statement must identify: the child's disability; an explanation of why the disability restricts the child's diet; the major life activity affected by the disability; the food or foods to be omitted from the child's diet, and the food or choice of foods that must be substituted.

Generally, children with food allergies or intolerances do not have a disability as defined under either Section 504 of the Rehabilitation Act or Part B of IDEA, and food service may, but is not required to, make food substitutions for them. However, when in the licensed physician's assessment, food allergies may result in severe, life-threatening (anaphylactic) reactions, the child's condition would meet the definition of "disability," and the substitutions prescribed by the licensed physician must be made.

Special Dietary Needs That Are Not a Disability

Food service providers may make food substitutions, at their discretion, for individual children who do not have a disability, but who are medically certified as having a special medical or dietary need. Such determinations are only made on a case-by-case basis. This provision covers those children who have food intolerances or allergies but do not have life-threatening reactions (anaphylactic reactions) when exposed to the food(s) to which they have problems.

Each special dietary request must be supported by a statement, which explains the food substitution that is requested. It must be signed by a recognized medical authority. The medical statement must include: an identification of the medical or other special dietary condition which restricts the child's diet; the food or foods to be omitted from the child's diet; and the food or choice of foods to be substituted.

Parent/Guardian Request for Fluid Milk Substitution

Parents or guardians may now request in writing that non-dairy beverages be substituted for fluid milk for their children with special dietary needs without providing statement from a recognized medical authority. However, fluid milk substitutions requested are at the **option** and expense of the facility/center.

The non-dairy beverage provided must be nutritionally equivalent to fluid milk and meet the nutritional standards set by the United States Department of Agriculture (USDA) for Child Nutrition Programs in order for the facility/center to claim reimbursement for the meal through the Child and Adult Care Food Program (CACFP).

A non-dairy beverage product must at a minimum contain the following nutrient levels per cup to qualify as an acceptable milk substitution.

s. Calcium 276 mg	v. Vitamin D 100 IU	y. Potassium 349 mg
t. Protein 8 g	w. Magnesium 24 mg	z. Riboflavin .44 mg

INFANT ADDENDUM TO ENROLLMENT

Dear Parent:

This FDCH participates in the USDA Child & Adult Care Food Program (CACFP). This program provides reimbursement to the provider for creditable components served to your baby while in our care. We want to work with you to provide the very best nutritional care for your baby. Under the CACFP regulations, the provider may NOT charge you a separate fee for meals that are claimed for reimbursement.

We use the meal pattern (attached to this addendum) developed by the USDA for FDCH participating in the CACFP. The type and amount of foods served vary according to the age of the infant. However, the actual foods we provide will be based on what you tell us about your baby's own food needs.

Talk with your health care provider and let us know whether you want to use breast milk or a formula while your child is in the center's care. We also need to know when you will introduce solid foods to your infant. You may choose for us to provide the formula, or you may provide the formula for your infant.

(Name of Daycare Home)

Breast milk and formula that you provide should be labeled with your child's name, the contents of the bottle (breast milk or brand of formula), and the date the formula was prepared or the date of collection for breast milk.

Please fill out the form below and return it to help us plan the meals for your infant. If this information changes, you will need to complete a new form.

INCOME APPLICATION FOR FDCH

Sponsors participating in the CACFP must qualify Tier 1 day care homes using school data, census data, or provider income. Mixed tiered homes can also fill out income applications. **The eligibility information is confidential for each participant and must be kept on file. The information is considered valid for one calendar year from the date of the parent/guardian/client signature.** The State Agency recommends that sponsoring organizations obtain income information as a part of the enrollment process.

Sponsor must provide the Income Applications to the providers. Providers who want to claim their own children must fill out and submit an income application. All income applications must be reviewed for completeness by the sponsor. **The determining official must sign and date in order for the application to be deemed complete.**

The State Agency will review income applications to ensure that the applications have been completed and the participants are correctly classified. If verification reveals that the application has inaccurately been classified or that numbers of enrolled participants have been incorrectly reported, the State Agency will require a corrected claim.

Q. What does a completed application require?

A. If the participant is from a family **not** receiving Supplemental Nutrition Assistance Program (SNAP) or Kentucky Transitional Assistance Program(K-TAP), the completed application must include the participant's name, birth date, list of all household members, last four digits of the social security number* of the head of household, and income by source. The application must be signed and dated by the parent/guardian.

or

B. If the participant **is** from a family receiving SNAP or K-TAP, the completed application must include the participant's name, birth date, SNAP or K-TAP number and must be signed and dated by the parent/guardian.

Please ensure that any SNAP/K-TAP numbers reported are the actual case numbers, not the amount received or the SNAP EBT number.

Q. If the family is unable to complete the income application due to a physical or mental disability, illiteracy, or language barrier, can the sponsor complete it?

A. In such a case, the sponsor may complete the application and the parent/guardian and/or client should make an "X" to indicate that the sponsor has completed the application on their behalf. The staff member must initial and date the income application and indicate why the parent/guardian/client could not complete the form without assistance.

Note:

For participants of Child Nutrition Programs, Section 9 (d)(1)of the National School Lunch Act requires that, unless the child's SNAP or K-TAP case number is provided, the last four digits of the social security number of the household member signing the statement or an indication that the household member signing the statement does not possess a social security number must be provided. Provision of a social security number is not mandatory, but if the last four digits of the social security number are not provided or an indication is made that the adult household member signing the statements does not have one, the statement cannot be approved. The last four digits may be used to identify the household member in carrying out efforts to verify the correctness of information on the statement.

Dear Parent/Guardian:

Young children need healthy meals to learn. This letter is intended for parent or guardians of children enrolled at either a child care center or a family day care home. _____ offers healthy meals to all enrolled children as part of our participation in the U.S. Department of Agriculture's (USDA) Child and Adult Care Food Program (CACFP). The CACFP provides reimbursements for healthy meals and snacks served to children enrolled in child care.

Please help us comply with the requirements of the CACFP by completing the attached income application as soon as possible. In addition, by filling out this form, we will be able to determine if your child(ren) qualifies for free or reduced price meals.

The completed form will be placed in our files and treated as confidential information. All children in our program receive their meals free of charge, but the determination of eligibility category affects the amount of federal funding received by the provider. If your household's income is equal to or less than the amounts indicated for your household's size on the chart below, the provider will receive a higher level of reimbursement.

1. **Who should I include as members of my household?** You must include all people in your household (such as grandparents, other relatives, or friends who live with you). You must include yourself and all children who live with you.
2. **How do I report income information and changes in employment status?** The income you report must be the total gross income listed by source for each household member received last month. If last month's income does not accurately reflect your circumstances, you may provide a projection of your monthly income. If no significant change has occurred, you may use last month's income as a basis to make this projection. **What if my income is not always the same?** List the amount that you normally get. For example, if you normally get \$1000 each month, but you missed some work last month and only got \$900, put down that you get \$1000 per month. If you normally get overtime, include it, but not if you only get it sometimes.
3. **What if I have foster children?** Foster children are eligible for free meals regardless of the income of the household with whom they reside.
4. **The Kinship Care Program** operates under similar guidelines as that of foster care but the children are placed with family members. Under the Kinship Care Program, the state has custody of the child(ren) until permanent placement takes place (about 2 years later).
5. **We are in the military; do we include our housing and supplemental allowances as income?** If your housing is part of the Military Housing Privatization Initiative and you receive the Family Subsistence Supplemental Allowance, do not include these allowances as income. Also, in regard to deployed service members, only that portion of a deployed service member's income made available by them or on their behalf to the household will be counted as income to the household. All other allowances must be included in your gross income.

In the operation of child feeding programs, no person will be discriminated against because of race, color, nation origin, sex, age or disability.

Sign in/out sheets

All providers are required to maintain daily sign in/out sheet in order to document an enrolled participant's attendance in the center.

Both the participant's first and last name must be included on the sign in/out sheets. **The name must be the same name that appears on the CACFP enrollment form.** Please be aware that **sign-in sheets are a licensing requirement.** Participants who attend the day care home for any part of the day is considered present that day. For sponsoring organizations, participants who attend more than one center on the same day can be counted only once in attendance.

Failure to maintain sign in/out sheets or maintenance of inadequate sign in/out sheets will result in the recovery of CACFP reimbursement. Sign in/out sheets must be maintained on file for three years plus the current fiscal year.

PROGRAM COSTS DOCUMENTATION

Every sponsor that participates in the CACFP must demonstrate the operation of a non-profit food service program. **As provided by USDA's Financial Management-Child and Adult Care Food Program Food and Nutrition Service (FNS) Instruction 796-2, Revision 4, all sponsors must operate a non-profit food service in which all CACFP meal payments are expended for allowable costs. This means that ALL of the money you receive in CACFP reimbursement MUST be used ONLY in the food service operation. All CACFP records must be maintained on file for three years plus the current year. Sponsoring organizations must establish an administrative budget for each federal fiscal year. SCN determines the limits of a reasonable administrative budget, based on the number of homes sponsored by the organization, the duties of personnel, and the economic conditions in the community.**

Sponsor Reimbursement

Sponsors receive two types of reimbursement; reimbursement for administrative costs and reimbursement for creditable meals served by family day care home providers, existing Sponsors that demonstrate a need for expansion to un-served or underserved areas of the population may be eligible for expansion funds. Information for expansion funds are available upon request from the SCN.

Submitting a Claim for Reimbursement

Claims for both administrative costs and creditable meals are submitted electronically through the CNIPS web-based system. CNIPS processes claims once a month. Claims are due by the 15th of the month for the previous month.

Claim errors identified by the system will displayed on the claim form and must be corrected before the claim can be processed. Accuracy in completion of the claim is vital for timely payments.

Late claims

A sponsor can have one late claim every three years.

Method of Payment

Sponsors will receive reimbursement through electronic funds transfer (EFT). The EFT method automatically deposits the funds in the Sponsor's bank account.

Reimbursement Rates

The reimbursement rates for administrative costs and creditable meals are adjusted annually, on July 1, to reflect changed in the Consumer Price Index.

Administrative Costs

Administrative reimbursement are determined by multiplying the number of family day care homes submitting a claim for reimbursement during the month by the appropriate annually adjusted administrative reimbursement rate.

Reimbursement of Creditable Meals

Sponsors receive reimbursement for creditable meals served in the Sponsor's FDCHs. Reimbursement for these costs are calculated based on the meals served and the Tier status of the FDCH. The record of meals served by FDCH providers is received by the Sponsoring organization. The Sponsoring organization must then compile all of the claims received from their homes when submitting an original claim for reimbursement to CNIPS.

Prior to submitting a claim for reimbursement to CNIPS, the Sponsor must ensure that all claims are based on the actual number of meals served in the FDCH and that all supporting documentation has been received for each provider claim.

Payment to Providers

Sponsor must disburse all FDCH reimbursement payment within five (5) working days of receipt of payment from CNIPS. The full amount of meal reimbursement shall be disbursed to each FDCH on the basis of the number of reimbursable meals and snacks served to enrolled and participating children. Exceptions to this occur when a disallowance is made as part of the Sponsor's monthly claim review, monitoring review or audit by the Sponsor or SCN.

Provider Reimbursement

The Sponsor is responsible for ensuring that the claim for reimbursement is accurate and that adequate documentation to support the claim is available and maintained on file. Sponsors must review all providers' claims that are received prior to submitting the claim for reimbursement to CNIPS. Any claims received that are not fully documented must be disallowed or the portion not supported disallowed.

Provider Payments

Providers must be reimbursed for all allowable meals served in the FDCH. Sponsors must remit payment to the providers within five (5) working days of receipt of payment from the SCN. Sponsors may remit payment via electronic funds transfer to the provider.

Sponsors may not reduce or withhold any reimbursement to the provider except for the reasons described on the following pages.

Monthly Edit Checks

Monthly edit checks are Review Procedures that must be applied to a day care home provider's claim each month in order to help determine the claim's validity. The monthly edit checks must ensure that:

- The day care home has been approved to serve the meal types being claimed.
- The number of meals claimed does not exceed the number derived by multiplying approved meal types times the days of operation times enrollment.

Withholding or Reducing Provider's Reimbursement

Sponsors may withhold or reduce a provider's reimbursement when a disallowance is made as part of a monthly claim review, monitor review, or audit conducted by the Sponsor or SCN. Withholding or reducing of any providers' reimbursement must be made when there is evidence of noncompliance with CACFP regulations. Sponsors must inform the FDCH provider in writing of the reason for the disallowance. Those reasons must be fully documented on the provider's claim and retained in the Sponsor's file.

Late Provider Claims

Sponsor may establish time frames in which FDCHs are required to submit their meal claims.

Reconciling Provider Reimbursements

Sponsors must prepare monthly provider reimbursement reconciliation reports. Regulations require Sponsors to provide assurance that FDCH providers received the correct payments and that SCN ensures that the Sponsor is properly disbursing the funds it receives.

Reconciliation records provide, in a single location, all of the claiming and payment information about a specific FDCH provider. Sponsor must maintain record of all transactions documenting payment to a FDCH provider. These records must document by date the amount of every payment requested by and paid to each FDCH. As well as the amount requested from and paid by SCN. At a minimum, these reconciliation records must contain:

- Name of FDCH provider
- Meal Counts
- Claim month
- Amount paid to the provider
- Check number or EFT transaction
- Check date or EFT transaction date
- Amount claimed to SCN
- Date claimed to SCN
- Date provider check or EFT was paid by the bank

Outstanding Provider Payments

Sponsor must track all outstanding provider payments that have not been cashed. The Sponsor must make a good faith effort to determine why the check remains un-cashed. This may include telephone calls, on-site visits, or written inquiries to the provider.

ACQR (Actual Costs Quarterly Reporting)

CACFP regulation 796-2 Revision 3 requires that all institutions show fiscal integrity and accountability for all funds received from the Child and Adult Care Food Program. All expenses incurred as program expenses must be approved and funds must be used for authorized program expenses only.

To meet this regulation, the State Agency requires that all institutions report their actual costs on a quarterly basis. Found in CNIPS at <https://cnips.education.ky.gov/cnips/> the quarterly report or ACQR is to be completed by January 31st for the first quarter, April 30th for the second quarter, July 31st for the third quarter, and October 31st for fourth quarter. The State Agency will review the costs each quarter to ensure that institutions are being fiscally responsible with CACFP funds. If during a review of the quarterly costs, it is determined that the institution is not using all of the funds received as is required by regulation, a plan of correction will need to be submitted.

****Training Presentations are available on the CACFP KY Website****

Monitor Reviews

Monitoring sponsored homes for compliance with CACFP regulations is an important responsibility of Sponsoring Organizations. Sponsoring Organizations can also use monitor reviews to provide technical assistance when needed. Sponsoring Organizations of Family Day Care Homes must conduct **at least three monitor reviews on each site each year. Two of the three monitor reviews per site must be unannounced and there can be no more than six months between any two monitor reviews.**

A meal service must be observed during at least one of the monitor reviews conducted during the year. In accordance with USDA FNS Policy Memo CACFP 16-2011, sponsoring organizations must ensure that the timing of unannounced reviews is unpredictable. For example, unannounced reviews that always occur during the third week of January, third week of May, and third week of September are predictable. The review schedule should be varied enough that facilities staff are unable to anticipate the date/timing of the review.

In February 2012, the Food and Nutrition Services Department of the USDA released a Family Day Care Homes Monitor Handbook. Refer to this handbook for more detailed instructions on Monitor Reviews. This is available at the CACFP website.

CACFP Program Integrity

Sponsors must identify, follow-up, and correct non-compliance issues to bring providers into compliance. If a Sponsor doesn't perform their function of monitoring non-compliance and bringing providers into compliance or terminating providers, and a significant number of non-compliance providers are seen, the Sponsor would be out of compliance with their Program Agreement with the Department of Education as well as the Division of School and Community Nutrition.

Identification of Providers at High Risk of Program Non-compliance

To assure program integrity, Sponsors should use indicators of provider non-compliance, such as the following, to identify providers at highest risk of inappropriate claiming. Verification methods should then be used to validate claims and assure compliance.

- **Providers who submit block claims.**
- **Providers whose claiming pattern is broken only by an announced or unannounced monitoring visit.**
- **Providers who regularly claim children on holidays.**
- **Providers whose completed claim is received prior to the last day of the month but completed through the last day of the month. (Sponsor will need to follow-up, as a provider cannot claim for a meal prior to serving it)**
- **Providers who conduct extensive shift care.**
- **Providers who regularly receive greater than \$800 per month in reimbursement.**
- **Providers who have complaints or concerns expressed against them. Sponsors may use their own discretion to decide if secondhand information is reliable and warrants investigation. Sponsors should follow-up on complaints.**
- **Providers whose home visit information for meals claimed, menus, and children in attendance differs from the information submitted on the claim for reimbursement.**
- **Providers who are difficult to schedule or frequently unavailable to visit because they fail to provide advanced notice that they will be away from their home.**
- **Providers who deny consultants access to their home while children are in care or deny access to program records.**
- **Providers who continue to exceed license capacity requirements after reports of over license capacity have been made to licensing.**

Verification Methods to Validate Claims

There are several methods that can be used to investigate providers who are suspected of submitting invalid claims. Some of the possible methods include:

- Comparing a submitted claim to the information observed on a home visit.
- The five-day record reconciliation of meal counts with enrollment and attendance records conducted during home visits.
- Unannounced visits.
- Sign in/sign out sheets.
- Household contacts.

Comparing the submitted claims to home visit information and the five-day reconciliation are often the Sponsor's first methods to verify claims. If discrepancies are seen, Sponsors can use unannounced visits and sign in/out records to determine if the provider is submitting invalid claims. If either the unannounced visit or the sign in/sign out sheets indicate an invalid claim or if the information obtained from the unannounced visit

or the sign in/out sheets needs further explanation, parent verification or household contacts must be used. In some instances, it may be most appropriate to verify claims by conducting household contacts immediately after detecting discrepancies during home visits or on claims.

Follow-up and Documentation on Findings of Non-compliance

Once an investigation reveals that a provider is not in compliance with Program rules and/or has submitted an invalid claim, the Sponsor must determine if the deficiency/error is serious or less than serious. In order to determine this, the Sponsor should consider frequency and severity of the deficiency/error.

Frequency should be determined by reviewing the provider's historical record to see if the same or similar problem had been noted in the past and if so, how often. Severity should be determined by considering the error in relation to its consequences to Program Integrity. For example, some deficiencies are so severe that even one occurrence could be considered serious; such as claiming multiple meals served to several children whose parents verified they were not in care. Some deficiencies or errors may not be considered severe, such as serving a non-creditable meal, but may be considered serious if found to occur frequently. In determining whether a deficiency is serious or less than serious, the Sponsor may want to additionally consider other factors, such as the provider's length of program experience and literacy level or English proficiency.

Sponsors must ensure that providers take corrective action to come into compliance with Program rules once deficiency/error is detected, whether considered serious or less than serious. A provider who fails to correct serious deficiencies within the allotted time for correction may then be considered seriously deficient in their operation of the CACFP.

Documentation must be maintained on the detection and resolution of all deficiencies/errors found, including the process and results of any related investigation or verification work conducted. In the case of serious deficiencies, documentation must include the information specified in the following procedures.

Serious Deficiency Process

The serious deficiencies may include, but are not limited to the following:

- Submission of false information on the application.
- Submission of false claims for reimbursement.
- Simultaneous participation under more than one Sponsor.
- Non-compliance with the Program Meal Pattern
- Failure to keep required records.
- Conduct or conditions that threaten the health or safety of a child (ren), or the public health or safety.
- A determination that the family day care home has been convicted of any activity that occurred in the past seven years and that indicated a lack of business integrity. A lack of business integrity includes fraud, antitrust violation, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, obstruction of justice, or the concealment of such a conviction.
- Failure to participate in training.
- Any other circumstances related to non-performance under the Provider Agreement, as specified by the Sponsor or the State Agency.

If the Sponsor determines that a family day care home has committed one or more of the serious deficiencies listed above, the Sponsor must use the following procedures to provide the family day care home notice of the serious deficiency and offer the home an opportunity to take corrective action. However, if the serious deficiency(ies) constitutes an imminent threat to the health or safety of the participants, or the family day care

home has engaged in activities that threaten the public health or safety, the Sponsor must immediately suspend the family day care home's CACFP participation prior to any formal action to revoke the home's licensure or approval.

Serious Deficiency Notice

The Sponsor must notify the family day care home that it has been found to be seriously deficient by use of the Prototype Letter for Serious Deficiency Process contained in the Sponsor's Serious Deficiency Policy. The State Agency must also be notified. The notice must specify:

- Provider's name, address, and license number.
- The serious deficiency(ies) (listing the serious deficiency that applies).
- The corrective action to be taken by the family day care home to correct the serious deficiency(ies). The serious deficiency notices must provide detailed information on the Sponsor's required corrective action plan for the identified serious deficiency(ies), which are specific to the deficiency(is) needing correction and which addresses the root causes of the problems discovered.
- The time allotted to correct the serious deficiency or deficiencies (as soon as possible, but not to exceed 30 days).
- That the serious deficiency determination is not subject to administrative review (appeal).
- That failure to fully and permanently correct the serious deficiency(ies) within the allotted time will result in the proposed termination of the family day care home's agreement and the proposed disqualification of the family day care home and its principles.
- If the family day care home provider is eligible to receive Program payment during the period of corrective action. Usually the provider will receive payment for valid claims unless the home has been suspended for health and safety reasons.
- That the family day care homes' voluntary termination of its agreement with the institution after having been notified that it is seriously deficient will still result in the family day care homes' formal termination and placement of the family day care home and its principles on the National Disqualified List.

Sponsors must send the State Agency a copy of the Sponsor's serious deficiency correspondence with the FDCH provider. If the family day care home corrects the serious deficiency(ies), the Sponsor must notify the home it is no longer seriously deficient and send a serious deficiency deferral letter. The Sponsor must also provide a copy of this notice to the State Agency.

Termination (Dropped for Cause) and Disqualification Process

Termination for cause is defined as the termination of a family day care home's Provider Agreement by the Sponsor due to the home's violation of the agreement. FDCH Sponsors must initiate action to terminate the agreement of the FDCH for cause if the Sponsor determines the home has committed one or more serious deficiency(ies) listed above and the home has not corrected the serious deficiency within the allotted time for correction.

Proposed Termination Notice

If timely corrective action is not taken to fully and permanently correct the serious deficiency cited, the Sponsor must issue a notice proposing to terminate the FDCH's agreement for cause. The Sponsor must provide a copy of the notice to the State Agency. The notice must:

- Contain the provider's name, address, license number and date of birth.
- Explain the family day care home's opportunity for an administrative review (appeal) of the proposed termination.

- Explain that the reason for the proposed termination is because the FDCH did not correct the serious deficiency(ies).
- Inform the FDCH that it may continue to participate and receive Program reimbursement for eligible meals served until its administrative review (appeal) is concluded.
- Inform the FDCH that termination of the home's agreement will result in the home's termination for cause and disqualification.
- State that if the FDCH seeks to voluntarily terminate its agreement after receiving the notice of intent to terminate, the home will still be placed on the National Disqualified List.

Sponsors must continue to pay any valid claims for reimbursement for eligible meals served until the serious deficiency is corrected or the FDCH is terminated, including the period of any administrative review (appeal).

Termination Notice

The Sponsor must immediately terminate the FDCH's agreement and disqualify the home when the administrative review (appeal) official upholds the Sponsor's proposed termination and proposed disqualification, or when the home's opportunity to request an administrative review (appeal) expires. The termination notice must contain the following information:

- Name, address, and license number of the provider.
- Provider's date of birth
- Termination date.
- If the provider failed to repay any debts, indicate yes or no.
- Amount of debt, if applicable
- Name and address of the sponsoring organization
- Reason for disqualification.

Suspension Process

If State or local health or licensing officials have cited a FDCH for serious health or safety violations, the Sponsor must immediately suspend the home's participation prior to any formal action to revoke the home's licensure or approval. If the Sponsor determines that there is an imminent threat to the health or safety of participants at the FDCH, or that the home has engaged in activities that threaten the public health or safety, the Sponsor must immediately notify the appropriate State or local licensing authorities. If the licensing agency cannot make an immediate on-site visit, the Sponsor must take action that is consistent with the recommendations and requirement of these authorities. An imminent threat to the health and safety of participants and engaging in activities that threaten the public health and safety constitute serious deficiencies; however the Sponsor must use the procedures listed below to provide the FDCH notice of suspension of participation, serious deficiency, and proposed termination of the home's agreement.

Suspension Notice

The Sponsor must notify the FDCH that its participation has been suspended, that the home has been determined to be seriously deficient, and that the Sponsor proposes to terminate the home's agreement for cause, and must provide a copy of this notice to the State Agency. The notice must:

- Include the provider's name, address, date of birth, and license number.
- Specify the serious deficiency(ies) found and the FDCH's opportunity for an administrative review(appeal) of the proposed termination
- State that participation (including all Program payments) will remain suspended until the administrative review (appeal) is concluded.

- Inform the FDCH that if the administrative review official overturns the suspension, the home may claim for reimbursement for eligible meals served during the suspension.

A Sponsor is prohibited from making any Program payments to a family day care home that has been suspended until any administrative review (appeal) of the proposed termination is completed. If the suspended FDCH prevails in the administrative review (appeal) of the proposed termination, the Sponsor must reimburse the home for eligible meals served during the suspension period.

The Sponsor must immediately terminate the FDCH's agreement and disqualify the home when the administrative review (appeal) official upholds the Sponsor's proposed termination, or when the home's opportunity to request an administrative review (appeal) expires and issue the Termination Notice.
